Step 3**ENTER YOUR COMMENTS HERE:**

As a land planner preparing development potential studies and municipal/county planning in Pinal County and Southeast Maricopa County areas, including water availability assessments, I would strongly support Johnson Utilities' request to Amend Decision 71854. The issues of economic feasibility, water quality and deliverability and many other concerns should raise awareness of public officials to support Johnson Utilities request. The company has provided excellent service in the past and it could be a negative impact to the community if Johnson Utilities could no longer function as a utility provider.
